“This tourney is such an honor in memory of my father who helped many, and to know we can pay it forward to help others is honoring his memory”

“The financial help from this tourney was a welcomed help in my wife’s time of need. My family will always treasure this group and everything they do with the proceeds to help others as they helped us’

“This tournament stepped up to help us at a devastating time in our life. To know that there are people out there helping in ways like this give us hope for the future of mankind”

“When we were battling a family hardship, not knowing what our next move would be, MSCGT stepping in with a financial helping hand was like an Angel appearing to help. Thank GOD for MSCGT!”
